One position: An Associate Professor (non-tenured)

2. Affiliation:

Noto Resilience and Revitalization Center

<https://notomirai.w3.kanazawa-u.ac.jp/> (Japanese only)

3. Work Place:

Takaramachi-Tsuruma Campus, Kanazawa University

(Tsuruma Area: 5-11-80 Kodatsuno, Kanazawa, Ishikawa)

4. Specialization:

Clinical Practice and Health Development Nursing Related to the Creation of Community Care Systems and Support Models for Disaster Prevention and Reconstruction

We are seeking researchers who can conduct comprehensive research and education on recovery and reconstruction following major earthquakes and heavy rain disasters, and disaster prevention and mitigation in preparation for natural disasters. We are also seeking researchers who can demonstrate their strength in research and empirical research that leads to the construction of social models in the field of the Noto Peninsula, such as emergency response in the event of a disaster, coordination between organizations during the reconstruction period, creation of health and medical welfare systems, and support for disaster victims.

Kanazawa University places importance on internationalization and the advancement of interdisciplinary research that integrate the arts, sciences, and medicine, and seeks practical researchers who can effectively navigate between theory and practice.

5. Duties:

- (1) Operation of the Special Program to develop Human Resource for Disaster Prevention and Reconstruction and related activities for training disaster prevention specialists
- (2) Research group on health sciences: " Clinical Practice Nursing Course", "Health and Development Nursing Course"; collaborative research activities with other academic departments and faculties
- (3) As a semi-full-time employee, attend department meetings and graduate school

department meetings and perform other duties related to university administration.

- (4) Student guidance outside of class (including office hours) and activities related to improving classes
- (5) Setting questions, grading, and supervision of subjects in the KUGS Special Entrance Examination for Disaster Prevention and Reconstruction Talent Selection

#### 6. Education:

- (1) Special Program for Disaster Prevention and Reconstruction  
For more details, please see: <https://bousaifukko.w3.kanazawa-u.ac.jp/> (Japanese only)
- (2) School of Health Sciences, College of Medical, Pharmaceutical and Health Sciences
- (3) Division of Health Sciences (Master's Program and Doctoral Program), Graduate School of Medical Sciences

#### 7. Subject:

- (1) You will be responsible for establishing and operating the Special Program for Disaster Prevention and Reconstruction Human Resources, as well as lecturing and conducting seminars on the main subjects included in the program.
- (2) You will be in charge of specialized subjects (lectures, seminars, practical training, etc.) related to disaster prevention and reconstruction for the School of Health Sciences and the Division of Health Sciences (Master's Program and Doctoral Program) and will also be responsible for research guidance.
- (3) You may be asked to give lectures in English for specialized subjects.

#### 8. Eligibility Requirements:

All the following requirements must be fulfilled:

- (1) A doctoral degree
- (2) A nurse license and a public health nurse license
- (3) Experience and qualifications to be expected to produce excellent educational and research results and ensure smooth operation of the Special Program for Disaster Prevention and Reconstruction throughout the implementation period of the program.
